

PS-48V

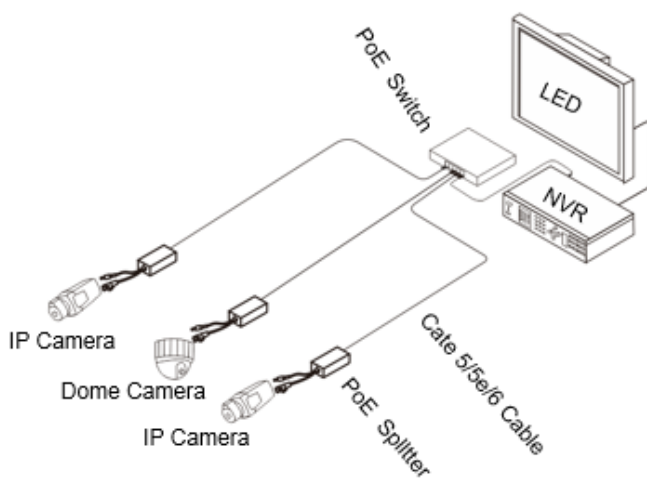

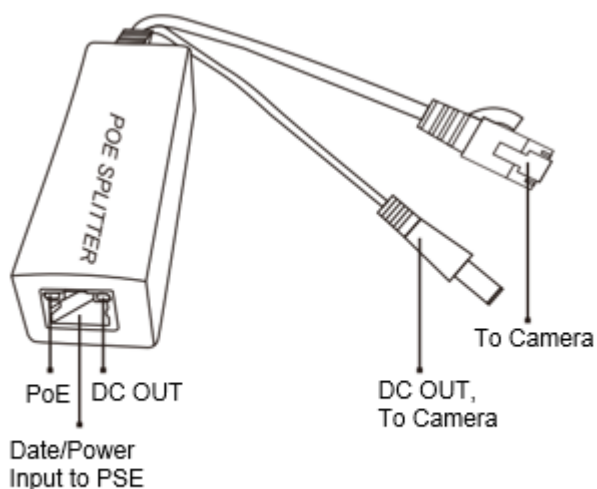

- 1*10/100M PoE PD port + 1*DC2.1 male connector + 1*RJ45 port
- IEEE802.3af
- Transmission distance is 100 meters
- Plug and play.

Overview

PS-48V, 10/100M PoE splitter, is featuring with cost effective and high reliability, which is to connect to IEEE802.3af PSE devices, such as PoE injector & PoE switch. It is wide used in the CCTV surveillance, engineering project, etc.

Application

Specification

Item		Description
PoE	Protocol	IEEE802.3af
	Power	≤15.4W
	Input Voltage	DC44V-57V
	Output Voltage	DC 12V
Network Port	Interface	1*RJ45 Input Port
	Transmission Rate	10/100Mbps
	Transmission Media	Cat5/5e/6 Cable
LED Indicator	PoE	Yellow: PoE input; Green: DC output
Physical	Dimension	360*30*24mm
	Casing Material	Plastic
	Color	Black
Operation Environment	Temperature	Operation: -10°C~50°C; Storage: -40°C~70°C
	Humidity	Operation: 10%~90% Non-condensing Storage: 5%~90% Non-condensing

Packing List

Name	Quantity
PoE Splitter	1pc/bag

Ordering Information

Name	Model
PoE Splitter	PS-48V
